16 January 1968

MEMORANDUM FOR: Deputy Director for Intelligence

SUBJECT: Distribution of Maps [REDACTED] 25X1X7

1. Current practice is twofold:

a. Automatic distribution. Copies of the CIA-AMS Intelligence Map Series are sent [REDACTED] auto- 25X1X7
 matically from the Map Library, with a copy of the manifest filed in OBGI.

b. On a monthly basis, a current map production (CD/BGI) list is screened to remove all "No Foreign Dissem" maps and all maps with "Limited" distribution. The resultant list is made available to all [REDACTED] representatives, from which they are free to select and order copies. Included are maps on all subjects, worldwide in scope, and ranging from Unclassified through Secret. All maps that are ordered are sent out through the OD/BGI. 25X1X7

2. During the past year, approximately 575 of the Intelligence Map Series were sent [REDACTED] under automatic distribution and 125 maps were selected from the monthly production lists. 25X1X7

3. If desirable, OBGI could apply the same restrictive guidelines to the monthly map list given [REDACTED] This could result, however, in a potential cause of embarrassment in providing one list to [REDACTED] representatives and a much more restricted list to the [REDACTED] representative. It may be of interest to note that the [REDACTED] representative selected approximately 30% of the number ordered [REDACTED] during the past year. 25X1X7 25X1X7 25X1X7 25X1X7
